Application for Prequalification

1.0 Overview

The Texas Department of Agriculture (TDA) seeks to preapprove a pool of grant administrators from which local governments may solicit proposals for preparation of a 2017-2018 Colonia Fund-Construction grant application and subsequent administration services if a grant is awarded. This Request for Qualifications (RFQ) preapproval process is Phase One of a two-phase process for selection of a grant administrator. TDA is requesting prequalification applications from interested individuals and firms to be preapproved for grant writing and administrative services to assist communities in proposed projects to be financed with Texas Community Development Block Grant (TxCDBG) Colonia Fund-Construction (CFC) funds. Administrators approved through this RFQ process will be eligible to provide services to communities that may choose to participate in the CFC program. Preapproval of a grant administrator indicates that the application was complete and timely, and does not include an evaluation of the quality of services offered by the administrator.

Phase Two is the final grant administrator selection process. Participation in the Phase Two streamlined request for proposals (RFP) process will be limited to only those administrators that have submitted a complete application in response to this RFQ and that have been approved by TDA. Any resulting contracts for grant administrative services between a local government and a grant administrator may not exceed a total of \$50,000. Actual budgets and tasks may be negotiated after the grant administrator has been selected by a participating local government.

2.0 General Instructions and Standard Submittal Requirements

2.1 Policies

- 2.1.1 No specific work is associated with this RFQ. The Phase Two solicitation will be conducted by the local governments seeking a grant award, and the actual extent of services required under any contract resulting from a Phase Two solicitation is not known.
- 2.1.2 No individual or firm is assured of obtaining any work as a result of prequalification approval. No contract or grant will be entered into as a result of this RFQ.

2.2 Submittal Instructions

- 2.2.1 All submittals shall become the property of TDA and will not be returned.
- 2.2.2 Submittals will be subject to the Texas Public Information Act (PIA), Texas Government Code, Chapter 552. Applications and other submitted information shall be presumed to be subject to disclosure unless a specific exception to disclosure under the PIA applies.

ALL APPLICATIONS SUBMITTED TO TDA WILL BE POSTED ON THE TDA WEBSITE WITH THE APPROVED VENDOR LIST.

If it is necessary for a respondent to include proprietary or otherwise confidential information in its Application for Prequalification or other submitted information,

the respondent must clearly label that proprietary or confidential information and identify the specific exception to disclosure in the PIA. Merely making a blanket claim that the entire submittal is protected from disclosure because it contains some proprietary information is not acceptable, and shall make the entire submittal subject to release under the PIA. In order to initiate the process of seeking an Attorney General opinion on the release of proprietary or confidential information, the specific provisions of the submittal that are considered by the respondent to be proprietary or confidential must be clearly labeled as described below. Any information which is not clearly identified as proprietary or confidential shall be deemed to be subject to disclosure pursuant to the PIA. Subject to the PIA, respondents may protect trade and confidential information from public release. Trade secrets or other confidential information, submitted as part of an Application for Prequalification, shall be clearly marked at each page it appears. Such marking shall be in boldface type at least **14 point font**.

- 2.2.3 TDA reserves the right to reject any and all submittals on the basis of being unresponsive to these guidelines or for failure to disclose requested information.
- 2.2.4 TDA will not be liable or responsible for any costs incurred by respondents in the preparation or submittal of applications.
- 2.2.5 Questions and requests for clarification on this RFQ must be submitted in writing to the Point of Contact listed below no later than April 10, 2017, 5:00 P.M. (Central Time). No verbal inquiries will be addressed.
