

**INSTRUCTIONS FOR
BOND OF PUBLIC WEIGHER
FORM NO. RWM-704**

If you are applying for a Public Weigher license, you are required to execute a bond for the duration of two years in the amount of \$10,000, made payable to the State of Texas. The initiation date of the bond should be within two weeks of the submission date of the Public Weigher RWM-702 application. The power-of-attorney or authority to bind the surety must be attached to this bond. Surety company bonds signed by an out-of-state attorney-in-fact must additionally be countersigned by a resident Texas agent of such company. The original bond must be submitted with the Public Weigher Application. The second page (page 2 of 2) of the RWM-704 must be completed by a Notary Public. All other forms of Notary Public will not be accepted and will further delay the application process. Applications can be downloaded from www.TexasAgriculture.gov.
