

RODENTICIDES

Proposed Interim Decision (PID) published Nov. 29, 2022 – revised PID will be released in 2025.

Original PID changes:

- All FGARs, SGARs, Bromethalin, Cholecalciferol and Zinc Phosphide.
- All products become RUP and cancellations of GUP except for some single-use consumer products and particular uses (i.e. Bromethalin worms for moles)
- PPE Changes – thicker gloves (≥ 14 mils) & masks (APF10) for some uses.
- Carcass Search – FGARs & Zinc Phosphide mandatory; SGARs, Bromethalin & Cholecalciferol are advisory.
- Cancellation of spot and broadcast uses outdoors (FGARs & Zinc Phosphide).
