## STATE OF TEXAS AGRICULTURAL RELIEF (STAR) AGRICULTURE DISASTER ASSISTANCE APPLICATION

### What is it?

The Texas Department of Agriculture (TDA) is accepting applications for the State of Texas Agriculture Relief (STAR) Fund Disaster Assistance Program (Program). Funding for the Program is available through the STAR Fund established to collect monetary contributions from private individuals and entities to fund disaster recovery efforts. TDA will provide a cost share to qualified agricultural businesses/operations/ranches/farms (applicant) for a specific value determined by TDA. The Program is designed to provide relief to Texas agricultural entities adversely impacted by natural disasters. Drought is not an eligible natural disaster under the STAR fund. Please refer to your local Farm Service Agency for drought assistance.

### Who is eligible?

An eligible entity is an agriculture business/operation/ranch/farm located in a county declared a disaster by the Texas Governor. Applicants should submit documentation for agricultural related expenses not paid for by insurance or other governmental sources for costs directly related to rebuild from the natural disaster. Applicant must demonstrate that expenses incurred were related to agriculture production and directly caused by the disaster. If an entity/business/operation/ranch/farm is owned by more than one person, only one application may be submitted. An entity/business/operation/ranch/farm is eligible for only one single award every 24 months, regardless of the number of owners.

Agriculture business means - a business that is engaged in producing, processing, marketing, or exporting an agricultural product.

Agricultural product means - an agricultural, horticultural, viticultural, or vegetable product, bees, honey, fish or other seafood, planting seed, livestock, a livestock product, a forestry product, poultry, or a poultry product.

Person means one property/entity/owner.

### How does it work?

Submitted applications will be reviewed individually and eligibility of expenses will be determined on a case-by-case basis. The STAR Fund offers a cost-share of up to 80% of eligible expenses to qualified agricultural producers. Applicants will be required to show all documentation of the costs paid to determine the STAR Fund assistance amount. Final award amount will be determined after application deadline date and upon review of application.

Example: A producer would need to submit documentation for \$4,000 of eligible expenses to receive \$3,200 in reimbursement. See the website for additional details on amounts.

All expenses must be paid by the applicant before a reimbursement will be provided. Verification of the damage caused by the disaster is required prior to TDA disbursing funds. Please include any pictures, certifications, or other documentation of the damage. The maximum assistance amount may vary based on donations collected and will be reevaluated at the time of each disaster proclamation by the Texas Agriculture Commissioner.

### Deadline

Applications MUST be received by close of business 90 business days after the Texas Governor's declaration of disaster for the county in which assistance is sought. Please see TDA's website for a complete listing of eligible counties and deadlines.

Applications must be complete and have all required documentation to be considered. TDA reserves the right to request additional information or documentation to determine eligibility. Applications missing documentation or otherwise deemed incomplete will not be considered for funding until sufficient information has been received. TDA reserves the right to deny applications if the applicant is unable to provide required documentation within the deadline provided by TDA when requesting the information. All determinations regarding eligibility of expenses and funding amounts are final.
