DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This label and the federal label for this product must be in the possession of the user at the time of pesticide mixing and application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on this supplemental label and the main EPA-registered label.

Table with 3 columns: DISEASE, APPLICATION RATE TOPSIN M WSB, and USE INSTRUCTIONS. Contains application details for Eutypa Dieback, including Paint-On and Spray-On methods.

FIFRA 24 (c) Special Local Need

		adjuvants which enhance spreading and absorption may increase penetration of cut wood surfaces. Addition of a registered spray dye to provide visual confirmation of thorough coverage of pruning wounds can be useful.
--	--	---

Remarks and Restrictions:

- A second application may be necessary within 2 weeks if rainfall, fog, or high humidity persist which slows pruning wound healing.
- Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 2 days.
- Do not apply more than 4 lbs. of product (2.8 lbs ai)/A/season from all methods of application.
