

Manufacturer's BABA Compliance Certification

Purchase Information

Manufacturer	
Purchaser	
Purchase Date	

This "*Manufacturer's BABA Compliance Certification*" is a form that the Manufacturer may use to certify that, as required by the Build America, Buy America (BABA) Act, all of the iron, steel, manufactured products, and construction materials listed in the table below and purchased by the entity specified above are produced in the United States. No waivers (i.e. EPA's Minor Components Waiver) will be accepted unless explicitly approved by the U.S. Department of Housing and Urban Development. Application of non-HUD waivers may result in non-compliance with BABA according to HUD's guidance.

For Covered Materials listed in the table below, the undersigned certifies the following:

- All iron and steel products are produced in the United States.
 - This means all manufacturing processes, from the initial melting stage through the application of coatings occurred in the United States;
 - The term "iron and steel products" is defined in 2 CFR 184.3 as materials that consists wholly or predominantly of iron or steel, or a combination of both.
- All manufactured products used in the project are produced in the United States.
 - This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mine, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard that meets or exceeds this standard has been established under applicable law or regulation for determining the minimum amount of domestic content of the manufactured product; and
 - The term "manufactured products" is defined in 2 CFR 184.3 as materials that have been:
 - Processed into a specific form and shape; or
 - Combined with other materials to create a product with different properties than the individual materials.
- All construction materials used in the project are manufactured in the United States.
 - This means that all manufacturing processes for the construction material occurred in the United States.

Use the table below to list all Covered Materials manufactured by the signatory, purchased by the entity specified above, and to be certified as BABA Compliant by the signatory.

For "Type of Material": Indicate if the material is Iron, Steel, Manufactured Product, or Construction Material.

Type of Material	Material Title/Description	Cost Per Unit	Total Cost
