Please see below for several webinars offered by TDA's partner organizations to learn about programs and opportunities:

Water Finance Exchange - Support for Technical Assistance Rapid Response (STARR) Program

Small community water systems often struggle to find an auditor but need one to be eligible for State and Federal funding programs. We at WFX are currently managing a roster of auditors in the State of Texas and have a Request for Expressions of Interest open until Feb 20, 2026 - <https://waterfx.org/request-for-expressions-of-interest-support-for-technical-assistance-rapid-response-starr-program/>

This RFEI is coupled with a webinar to explain the importance of the work, answer questions, and hear from a few CPA's on the value of the work with small communities.

Date: January 21, 2026

Time: 12 PM CT

Texas Water Development Board - Water Supply and Infrastructure Grants Webinar

House Bill 500, passed during the 89th Texas Legislative Session, appropriated a one-time \$1.038 billion in general revenue to the Texas Water Development Board (TWDB) for water supply and infrastructure projects and grants—and the TWDB is hosting a webinar to explain the process.

Please register in advance at the link below and join us for an informative session designed to support projects that enhance water availability and infrastructure development.

Date: January 20, 2026

Time: 9:30 AM – 11:30 AM

Register here: [Microsoft Teams Webinar](#)

Topics Covered:

- Overview of the grant opportunity
- Eligibility requirements
- Rollout timeline
- Q&A session

Who Should Attend:

Local governments, water utilities, engineers, planners, and organizations interested in water infrastructure funding opportunities.

Don't miss this chance to learn how your community can benefit from this grant funding and provide the TWDB with meaningful feedback!

To stay informed and get involved, we invite you to join our General Information [mailing list](#) and keep an eye on our website and social media channels for updates and opportunities to engage with the TWDB throughout this process.
