Help Tell the Story of TxCDBG!

It is always important to share the impact and reach of programs like TxCDBG. These stories help program staff to evaluate the program's effectiveness and long term goals, and help funders understand the results of putting these funds to work. As important federal funding decisions are made in the coming weeks, let's tell the story of TxCDBG in small and rural Texas communities!

If your community recently completed a TxCDBG-funded project that made an impact in your community, please take a few moments to complete the form at the link below. TDA will collect these stories to share with stakeholders at the local, state, and federal levels.

TxCDBG Administrator Training Survey

TDA is currently preparing for the 2025 Administrator Workshop series (August and September) and other related training opportunities. Stakeholders responsible for administration of TxCDBG grants are invited to provide input at the link below:
