Application Webinars and Technical Assistance

The application process for 2025 has been revised to include two distinct phases. The Community Application, due April 3, 2025, will collect information needed to assess community eligibility and scoring. Applicants that score within funding range will be invited to submit a Project Application that identifies a project and details the specific work to be performed.

A webinar has been planned to assist applicants with this new process – no registration is required, and the link to join the session can be found on the [TxCDBG Training](#) webpage.
